Monthly Tuition: \$ _____ Mos/Yrs in Aikido _____

Total Monthly Tuition: \$ _____

Because our scholarship fund is limited, please consider the following information carefully. The Dojo understands that some people/families may require only a small reduction in monthly tuition to enable family members to continue to study Aikido. Other families may require more assistance. Please make an honest assessment of how much assistance you need to enable you to continue to study Aikido.

Amount of money you / your family could contribute to
total monthly tuition: \$ _____

Monthly scholarship amount requested: \$ _____

These two amounts should add up to your total monthly tuition: \$ _____

Currently, the Dojo is providing scholarship assistance on a short-term basis of 1-6 months. You may reapply, if necessary.

No. of months (1-6) your family would like to be
considered for a scholarship: _____

Specifically which months?: _____

Please describe the benefits you see yourself and your family gaining from your continuing participation in Aikido:

Please see other side for additional application questions and information.

Financial Assistance Application

Please describe why you would like to be considered for financial assistance at this time. Are there any special circumstances that contribute to your need? (I.e. single parent, loss of job, medical bills):

Do you have skills or time you would like to contribute to the dojo community? Of course, everyone contributes to the dojo by helping out with special projects and *misogi*, but we occasionally have opportunities for work-study positions.

“True budo is a work of love. It is a work of giving life to all beings, and not killing or struggling with each other. Love is the guardian deity of everything. Nothing can exist without it. Aikido is the realization of love.”

--Morihei Ueshiba, Founder of Aikido
